Wow! Even though I've declared, interceded, and made entreaties over our country and our leaders, (on and off), for decades, what I was hearing and seeing yesterday evening still seemed surreal as I watched the memorial service for Charlie Kirk. I heard The Secretary of State describe how God put Himself in a body, Jesus Christ, and died as a man, and "rose from the dead as no mortal man could", to free mankind and bring us back into harmony with God! He was preaching better than a lot of preachers!

I listened to our President and Vice-President stand before a stadium filled with 70 thousand people, being broadcast to an audience of multiplied millions around the world, and declare, not just "God", not just "Christ", but "Jesus", and the power of His Gospel. It brought me to tears as I remembered things that I interceded for and had imagined in my mind 40 years ago, and joy as I was watching the manifestation of what I, along with an army of others, have been led to speak out or *profess* with increasing energy and intensity over the last few years!

One of the things specifically for me, going back for several years, has been to ask that The President would surround Himself with, "men and women who would call on The Name of The Lord". So imagine how I felt as the Cabinet level Secretaries of our country, along with many other prominent government officials and advisors, not just openly, but with sincerity, read scripture and acknowledged The God of The Universe and His Son Jesus. Wow! What's happening in our country is nothing short of miraculous! And it's come about from the Spirit led righteous entreaty of a nation. Yes, led by a few, but encouraged, supported, joined, and enforced by millions! What a thing to behold!

We are "one nation under God, with liberty and justice for all", and no, none of this is "off topic". In fact it is precisely "on target" with where we concluded last Sunday, what we talked about here last week, and then again opened with yesterday morning, "...**delivered from the authority of darkness and *methistemi*>placed with standing in the Kingdom ruled by the purposeful good will of The Son of God!" (Col 1:13, Enhanced version) After spending a minute explaining why the "Enhanced version" says, "**The Kingdom ruled by the purposeful good will of the Son of God**", we emphasized again *methistemi*, "placed with standing". We've been given station, position and ability in The Kingdom of God. Then we again drilled down into Heb 4:14, which is exactly what we witnessed from a number of the top leaders of our country, we heard their "dominating profession"!**

"**Since we have a great High Priest, having traversed the heavens, Jesus The Son of God, we should *krateo homologia*, 'be dominating in our confession'!**" We then dug a little deeper until we hit stone, and that sent a spark of revelation that exploded into faith and expectation! Well, it did for me. And I still haven't gotten over it, and don't plan to. I plan to do what I've been doing for years, speaking to God about His Word, His Kingdom, and His Name, only now with more rejoicing, greater expectation, and more dominating determination! So what caused this? It is sooooo simple! I now have a clear picture of *homologia*, it's "profession"!

Cutting to the chase for the sake of space, (you can go listen to the details at jubileeminty.org/teaching if you want), it's **not confession, it's profession!** And *profession* is "an act of openly declaring or publicly claiming a belief". We should be "**dominating in our profession!**" Declaring what you believe! Speaking faith! Being energized and energizing those around you. "**Therefore brothers, partners of the heavenly calling, *meditate on this picture*, Jesus, The Apostle and High Priest of our profession!**" (Heb 3:1) Join in professing His Name!
