

You know, I often remind myself that, if you're crazy, you don't know you're crazy. Right? So, maybe I'm crazy, but over the last week I've become even more confident that the revelation into "The Light of Life" that started last week is absolutely right. Last Monday we were here, "He shines His Light of Life into us! We live out from faith and overcome the world!" And as we've asked the question, "What is the Light of Life?", what we've seen makes perfect sense!

I spent time during the week continuing to focus on this revelation. And several times, as I was sharing what I was seeing with a few other people, I would suddenly, right in the middle, just get overwhelmed with emotion. It seemed that each time that happened I would see a little deeper into what was John was writing, by The Spirit, in Jn 1:1-5. So yesterday we started with much of what was written here last week and took it up a notch in detail.

"In the beginning was the Word, and the Word was *pros* God, and The Word was God. He was in the beginning *pros* God." (Jn 1:1-2) OK, let's pause and look at several things.

One is that we see The Word is a "He" not an "it". Even though *The Logos* is a plan of purpose or design, well call it a blueprint, The Word is still a He. And if you look down to the 14th verse you can see that "He", The Word, is clearly identified as the only begotten alongside The Father. Jesus is The Word that *became* flesh and dwelt, "tabernacled", among us.

Another thing is *pros*. It's not "with", it's "forward with the idea of touching". It is to engage, to interface or interact with. The word that we used last week, "entangled", is an accurate and beautiful thought picture of this word. The definition is to be "inextricably linked"; "no separation". So, as we said last week, God The Father and God The Son were entangled together, the 2 are 1! Now let's look at a third before we go on.

We read it last week, we said it yesterday, and now I'm writing to you again, this is the piece of information that begins to generate the revelation. The Greek verb, *eimi*, means "to be"; "to exist". And here it's Imperfect Indicative Active. It was a continuing action in the past. Again, as we said last week, The Father, The Creator of all things, and The Word, The Son *through* whom everything was created, were doing something over and over in the past. What? Together they were producing, "writing the code", "drawing the blueprint", of all that would become. But specifically in this case, creating all of the information for the operation of men! **"All things came into being through Him, and without Him not even one thing came into being that has come into being. In Him was life, and the life was the light of men."** (v3-4) This most spectacular, very special Light contained all of the information for man's life!

Look, I realize you gotta stop and meditate, we certainly don't have the space here to write all of this out, even if I could. But The Spirit of God will **"teach you all things."** (Jn 14:26) **"...when He, The Spirit of Truth is come, He will guide you into all the truth."** (Jn 16:13) He will, **"take out from what is Mine and declare it to you."** (Jn 16:14) Back to it!

Consider television. There is one device that transmits a wave of light that you can't see, that is filled with information, to another device that was designed to receive the light and process the information into the picture and sound that you see and hear. Think about your phone, same thing! Now read this, **"The Light flashes out in the darkness."** (v5) That's The Light containing the information of the operation of Life shining into a reborn life! That's the information of the knowledge of God that exceeds physical reality or human knowledge! That's Jesus, **"I am The Light of The World. (Jn 9:5) He is, "...the True Light Who enlightens, giving light to every man coming into the world."** (Jn 1:9) And He is shining the information, forming the faith for operation, into you! Accept the invitation! Receive the information!

Love Never Fails!
